

ORGANIZATIONAL ANNOUNCEMENT
Royal LePage Mission Real Estate
Calgary, Alberta

To: Royal LePage Broker/Owners, Managers and Administrators

We are pleased to announce that Lance Berrington has joined the nationwide Royal LePage network with a new brokerage in the north-east area of Calgary. His company will operate as Royal LePage Mission Real Estate, effective July 4, 2017.

Lance began his real estate career in 1996 and went on to earn his broker license in 2003. In 2004, he opened an independent brokerage in Calgary, which he operated for seven years. He later joined Royal LePage Foothills for a period of time before heading off to Vancouver Island in 2014 to work for Coast Realty prior to its change to the Royal LePage banner.

When the opportunity to purchase a Royal LePage brokerage in Calgary's north-east sector presented itself – an important area for our brand – Lance jumped at the chance, citing the Royal LePage culture and principles as a great base on which to build his business.

Lance intends to support his agents with a diversified stable of professionals including specialists in marketing, real estate law, architectural and interior design. Technology is also a key component of his business plan. A paperless office that is green, connected and secure with systems that are simple and convenient for clients is a key strategy for his business. "Home buyers and sellers today want the effectiveness and reassurances that technology can offer," says Lance. "We offer our clients exactly that, combined with the personal service expected of a professional Royal LePage Realtor®."

Royal LePage Mission Real Estate can be reached at:

Royal LePage Mission Real Estate
#107, 2915 21st Street N.E.
Calgary, Alberta
T2E 7T1
Email: lanceberrington@royallepage.ca

Please join me in congratulating Lance on his new brokerage and welcoming him back to the Royal LePage network.

George Heos
Senior Vice President, Business Development
