

**ORGANIZATIONAL ANNOUNCEMENT**  
**Royal LePage Aztec Real Estate**  
***Strathmore, Alberta***

We are pleased to announce that Aztec Real Estate Inc. has joined the Royal LePage network, effective August 15, 2017.

The brokerage was established in 1993 in Strathmore, Alberta by Keith Garrioch, building on his experience as a developer within the community, which lies about 50 kilometers east of Calgary. Robert Desjardins joined Aztec in 2003 and became a partner two years later. Together, Keith and Robert have built a business based on a "clients first" philosophy. A close watch on market trends and technology have served to help the brokerage's agents meet and exceed their client's real estate needs.

"Now, with a myriad of Royal LePage tools and services at our fingertips, it's a win-win for our team," says Robert. "Our clients and agents win through expanded tools available to market properties. And, with added training, networking opportunities, and nation-wide network of like-minded professionals, we have great things to build upon."

Royal LePage Aztec Real Estate services the southern Alberta area from their office in Strathmore. They can be reached at:
